

September 18, 2021

Manitoba public health officials have advised of one confirmed case of COVID-19 in the School on September 14-16, 2021 in the Grade 3 Classroom, when the individual(s) may have been infectious. **The infection was not believed to be acquired at school.**

The school is working closely with public health officials and is following their recommendations. Close contacts have been identified and are advised to self-isolate.

If you have not been contacted by the school stating your child is a potential close contact and a public health official has not contacted you, your child has not been identified as being exposed to COVID-19 from this/these case(s). If your child has not been identified as a close contact, public health officials still recommend that you closely monitor your child for symptoms of COVID-19.

Christian Heritage School will continue to work closely with Public Health and Manitoba Education during this pandemic.

For more public health information about COVID-19 and schools, please visit <https://www.manitoba.ca/covid19/schools/index.html>

Sincerely,

Mr. Schroeder
