The discount applies for those families paying their full tuition in advance before the deadline. The board has authorized these discounts as cash flow is extremely tight at the school, and any early payments will help the school cover operating costs from now until the end of summer. Therefore, as a thank you for paying early and helping CHS out we are providing these discounts. Please see the office if you have any questions.

Dear CHS Family,

Please take a moment to review the following changes regarding tuition payments.

Tuition Payment Announcement

Effective January 1, 2023 all remaining tuition balances will have a 2.5% interest charge added to the total. This is due to increasing costs at the school. If you would like to avoid this interest payment you may make tuition payments in full before December 31, 2022.

Tuition Assistance for 2023-2024 Announcement

If you know your family will need to use the tuition assistance program for the 2023-2024 school year please be aware that your tuition assistance application will need to be filled out and brought to the office before April 30, 2023. Late applications will be denied.

Applications will be available for pick up after February 1, 2023. Just a reminder, all applications must be returned with both parents' income information. If you do not have the income information available, please submit the application before April 30th so the school can make appropriate decisions from all that have applied. Applications that are brought in with only one parent's income information will be held in the queue until all information is brought in.

Thank you,

CHS Board
